Colour fastness to light DIN EN ISO 105-B02 (WBS-level)	≥ 4
Tear strength (N/mm) DIN EN ISO 3377-1	≥ 20N
Finish adhesion (N/cm) DIN EN ISO 11644	≥ 2N/10cm
Fire protection standard DIN EN 1021 part 1+2 IMO-Resolution MSC.307(88)	passed passed

Quality test certificate in accordance to DGM guidelines 2016

Please note that this test certificate does not relieve the customer of his obligation to inspect incoming goods and may claim of third parties to whom it is passed. It is not a property assurance in legal sense.

## CLEANING AND CARE INSTRUCTION

---

RUSTIK is an easy-to-care strong leather.

For everyday cleaning, it is sufficient to occasionally dust off the leather with a **feather duster** or a dry **dust cloth**.

Stains and visible dirt can be cleaned with a damp terry cloth and **Leather Cleaner Mild**. Not too wet to avoid water marks. Always practice a cleaning test in a hidden area! Be especially careful with lighter leather.

For difficult stains, it is always better to contact a specialist first. Damage can easily occur due to improper cleaning attempts.

For maintenance, we recommend **Leather Protector**. It's a protective cream with the necessary moisturizing oils and UV protection. It protects the leather from fading and keeps it soft.

Depending on the strain, heat, and light intensity, the leather should be sparingly maintained every three to twelve months.
